During non-council sponsored activities units/groups **must** provide their own CPR, supplies and first aid trained personnel qualified by a nationally recognized organization. If an injury occurs and is life threatening, a Life Flight helicopter ambulance will be called into camp. If an injury occurs and is not life threatening, the unit/group will be responsible for providing transportation to the nearest medical facility. During council activities, the camp will provide basic first aid medical supplies. All injuries occurring in camp should be documented and reported to the camp medical officer or Property Manager staff.

**Cabin Use:** Cabin use must comply with BSA youth protection guidelines. Separate cabins for male youth, female youth, adult male and adult females are required, or a single family exclusively in each cabin. All cabins sleep 8.
